

COVER STORY: JESSICA

UNITED WE FIGHT.

JESSICA NEEDED TO WORK

Jessica struggled to maintain employment. She lacked the skills and self-confidence necessary to maintain a job that would enable her to make a better home for her and her children. "I struggled with finding a job that I could stick with and be able to maintain for a long period of time." Although she worked at different jobs over the years, she lacked the support and the drive to develop a career where she could make enough money to provide for herself and her children. Then she heard about the United Way of Bristol's Jobs for Life program.

UNITED WE WIN.

JESSICA IS MOVING FORWARD

Jessica worked with the BRHA to complete the United Way Jobs for Life application and set a goal to participate in the class and to graduate at the end of the eight weeks with her fellow students. Jessica graduated from the JfL program and eight months later, she is in a much better place in her life. She is working full-time and is preparing to begin her education to fulfill her lifelong dream of becoming a nurse. "The fact that I was able to complete the 16-class/eight-week program and be able to prepare myself to begin a career is a true blessing to me and my children."

HOW UNITED WAY HELPS

Despite working hard, many families in our community struggle to pay bills, put food on the table, make ends meet and give their children the education they deserve. Asset Limited Income Constrained Employed (ALICE) represents households with earnings above the Federal Poverty Level but below the basic cost-of-living threshold. With our partners, donors and volunteers, we connect ALICE and other hard-working individuals with opportunities to make more than ends meet through United Way of Bristol supported programs and initiatives.
